The Mercedes 300 SL was technically superb, the Jeep is the mother of all SUVs, and the Citroën DS was and still is simply wonderful. Such vehicles are icons of the zeitgeist that prevailed when they were built. They also exert an influence on contemporary design - because they stand out from the crowd, have character and a story to tell. Some are admired or even adored by all - designers, engineers, vintage car fans and neutral observers alike - as vehicles of legendary status.
